Master Class Series
entitled

PRACTICAL GOLF SKILLS CLINIC

Delivered by Gillian Burrell
Fellow of the Professional Golf Association

Newtownstewart Golf Club
Friday 29th April 2011 @ 4.00pm

Golfers cannot assume that more practice will make for a perfect player; the quality of practice structure is just as important.

Participants attending this practical workshop will get to experience firsthand some innovative practice strategies which will help fine tune their skill development.

By varying practice tasks and randomising the order in which they are practiced, we will see how the retention and transfer of these skills may be improved.
